

MASTERS VOCATIONAL COLLEGE

Think Green!

Business Plan Writing Workshop

Training will provide an overview of key business concepts to improving your business planning operations

You will learn:

- How to develop a winning Business Plan with all of the key components in it.
- How to determine your selling price.
- How to calculate your market-share.
- What components go into the Business Plan such as; Executive Summary, Demographics, Marketing Analysis, Management Summary, Financial Plan, etc.
- How to calculate your Break-Even Point.

You will leave this workshop with the know-how to put your great business ideas into action.
